convenient for you during the week of August 23-27, either in the afternoon or evening, will be fine with us. If it will be possible for you to let me know by the end of June whether or not you will be able to present a talk during Carbondale's Pioneer Days 1982, I would very much appreciate it.

John Buberniak, John Revak, Bill Weinstein, my brother Donald and I enjoyed very much our visit with you on May 29, 1982. Thank you for the guided tour of your extraordinary railroad museum.

Sincerely,

S. Robert Powell
